### Example of a Basic Day:

R3600.00 / day

**AM** : EITHER ( 2 x 45min Sessions of Stick & Ball ) OR ( An activity; such as a 4x4 trip up Sani Pass )

**PM** : 4 x Club Practice Chukkas, which includes professional coaching.

2 x S&B sessions + 4 x Chukkas = 6 x "Sessions" per day.

Therefore, 6 x Sessions @ R600 per session = R 3600.00 / day

IE; a guest wanting to stay for 6 days, might wish to do an average of 5 sessions per day. Therefore, they would hope to achieve a total of 30 sessions during their 6 night stay. We then discuss and set up their ideal holiday itinerary, and invoice accordingly.

During their stay, the guest could then choose to do more, or less, on any particular day.

They could also pick and choose which activities, or polo sessions they wish to do from day to day, in order to fill the 30 session quota.

The itinerary therefore, should be considered flexible, and inter-changeable.

Days of rain, injury, or just plain fatigue, can then be converted into other activities to ensure maximum value for money.
